

# REPORTS SHOW Y. M. C. A. RECEIVED \$125,282,859

This Money Was Contributed by People From April, 1917, to March, 1919.

## CANTEENS USED 80 PER CENT

\$30,000,000 Spent in Home Camps, More Than \$43,000,000 With A. E. F. and \$14,409,175 for Work With Allied Armies.

NEW YORK, July 27.—First detailed accounts of the receipts and expenditures of the Y. M. C. A., made public here today by the organizations national war work council finance committee, show that \$125,282,859 was received by it between April 26, 1917, and March 31, 1919. Total expenditures aggregated \$97,817,005 in the period named, it is stated, leaving a balance of \$27,465,854, a sum estimated to be sufficient to carry on the work here and abroad until next December 31.

According to the figures, which appear over the signatures of George W. Perkins, chairman of the committee, Cleveland H. Dodge, treasurer of the war work council, and H. W. Wills, comptroller, slightly more than 80 per cent of the total funds contributed by the American public were expended for religious purposes in the United States and overseas, while approximately 80 per cent was devoted to the purchase, transportation and distribution of canteen supplies and to entertainment, education and athletic sports.

### Five Per Cent Is Free.

In addition to the provision of free athletic supplies, which included, among other things, in the United States alone, 557,056 baseballs and 20,000 sets of boxing gloves, the report says, the Y. M. C. A. distributed \$25,322,449 worth of merchandise. Of this merchandise \$17,947,771 worth, or approximately 70 per cent, was given free to the soldiers.

Of the \$97,817,005 expended, it is shown, more than \$30,000,000 was spent in the home camps, more than \$43,000,000 with the American expeditionary force abroad and \$14,409,175 for work with the allied armies and prisoners of war. The balance went for transportation and other expenses. The statement explains that the "Y" suffered a loss of \$1,473,951 in the operation of army post exchanges and canteens, which, owing to the depreciation in values of French and English currency and conversion of the overseas figures at market rates, resulted in a book loss of \$2,432,052.

The report, the committee makes clear, is not final, because the war service of the Y. M. C. A., which reached its maximum in March of this year, is being continued in the United States and foreign countries. Three war work campaigns for funds, it points out, brought from the American public \$12,242,652, and this amount, the report states, was augmented to \$125,282,859 by sums from other sources.

### Give 67,000 Concerts.

Some idea of the magnitude of the work accomplished by the organization is shown by the statement that more than 57,000 concerts, vaudeville performances and other entertainments were staged by the "Y" in American cantonnements to an aggregate audience of 4,500,000 at a cost of \$1,166,767. In addition, free motion picture shows in the home camps necessitated an outlay of \$2,328,271.

Spending of 950 huts for men, in training camps on this side cost \$7,698,934, and the outlay for maintenance was \$3,565,716. "These buildings," says the report, "were centers of religious, educational, entertainment and athletic activities for all men who passed through the camps on their way overseas or who used the centers throughout the period covered by the report and are still using them."

Overseas, the statement says, work of even a vaster scope was accomplished. The 1,900 or more "Y" huts and tents built or leased for the use of the A. E. F. cost \$4,501,421 and were equipped at a cost of \$2,550,421 and operated and maintained at a further expense of \$1,614,342.

Writing materials and newspapers for the overseas men, including 400,000 sheets of letter paper, half as many envelopes and 100,000 post cards, cost \$2,256,505. For motion picture shows, in which 13,000,000 feet of film were used in France alone, and spectators aggregated 50,000,000, the cost was \$1,066,757. More than 34,000 concerts and entertainments increased the expenditure by \$550,959.

### Operate Twenty-Five Areas.

The cost of the "Y's" overseas religious program was \$467,534, or approximately two-fifths of 1 per cent of the entire operating funds. Educational literature and the library cost \$591,932 and the A. E. F. athletics cost \$1,357,301. The organization also expended \$2,000,000 more than \$200,000 in "leave areas" in various parts of France, at an expense of \$331,000 and a chain of hotels for men on leave at a cost of \$477,956.

In the United States, it is shown, the organization expended \$2,105,815 upon its religious program in the six military departments, which included the holding of meetings of the Bible classes, the distribution of literature and the maintenance of religious sects, religious and musical societies, lectures, instruction in the French language and library service. Expenditures at home by the "Y" spent \$1,192,737 and for sex hygiene education and literature the "Y" spent \$73,764.

### France Received \$6,738,744.

Of the \$125,282,859 contributed for the armies of the allied countries, it is shown, France received \$6,738,744, Russia, \$4,585,955, and Great Britain, \$3,825,000. Work among war prisoners cost \$1,058,591. The latter sum was divided as follows: Germany, \$117,938; Austria-Hungary, \$247,950; Turkey, \$56,206, and in other countries, \$336,545.

Transportation of comforts and luxuries to the canteens and soldiers in the field, it is shown, represented a considerable item. The installation of a motor truck service cost \$2,702,034 and its operating expenses \$1,170,761. This included the cost of outfitting Christmas gifts and the conveyance of entertainers.

The cost of selecting, recruiting, training and paying the sustenance and traveling expenses of all the Y. M. C. A. representatives, administrative, general activities, campaign and publicity expenses disbursed in the United States were \$1,166,767. The total cost of the Y. M. C. A. work in the United States was \$1,166,767.

In accounting for the balance of \$27,465,854 on March 31, 1919, the statement lists assets of the War Work Council on that date as \$43,333,166. This included \$1,000,000 in cash on hand and assets overseas amounting to \$1,761,776. Canteen supplies on hand and in transit on that date also included, it is stated, goods to the value of \$5,992,551. Outstanding accounts, including unpaid pledges to the United War Work Fund were \$1,735,366.

On the same date, the statement concludes, "current liabilities and reserves amounted to \$15,873,312, including \$2,792,954 in the United States and \$13,080,358 overseas. There was charged against the Y. M. C. A. \$1,000,000 representing remittances received from the men of the A. E. F. for transfer to the British and French and United States governments, for transportation and supplies, \$5,992,551."

## ANOTHER BAPTIST CHURCH FORMED AT PETERSBURG

Ministers and Laymen Participate in Organization of Sixth Congregation.

[Special to The Times-Dispatch.] PETERSBURG, Va., July 27.—At a meeting this afternoon at the Main Street (Blandford) Baptist chapel a new Baptist church was organized, the sixth of that denomination. Ministers and laymen participated in the organization, and the new church started with a goodly membership. The Main Street chapel has hitherto been a mission.

### Evangelistic Service.

An evangelistic service was begun at Gregory Memorial Presbyterian Church, in Prince George County, which will be continued for some time, with daily preaching by Rev. A. W. Honey. If the church is found too small to accommodate the crowd the courthouse or school auditorium will be used.

### Concert in Central Park.

The new Petersburg band, organized by the Young Business Men's Association, gave its first concert this afternoon in Central Park at 6 o'clock. The band is under the leadership of Gordon Erickson.

### Notes of Interest.

It is likely that the council at its August meeting will be asked to take some action looking to restricting or stopping the sale of firearms in Petersburg. The sales of pistols are reported to have been large recently.

So much protest is being made against open business in the city Sunday that it is probable the Municipal Union may take some action in regard to the matter.

"Hurricane" Branch's bloodhounds, which have recently been chasing robbers in this section, were brought to the city Saturday evening on their way to Suffolk. The dogs ran down the negro who robbed a store at Ford and captured the thief in Blacksburg.

The home of T. A. Cogbill, at Sutherland, Dinwiddie County, was entered by a thief and robbed of articles of the value of \$40.

One case of heat prostration occurred on Saturday. A young man, who had been working in the streets, was overcome and taken to his home.

A soldier from Camp Lee, while bathing in the Appomattox today, was killed by a bullet from a machine gun. His name could not be learned, as those who were with him could give no information as to this afternoon.

## WITNESS OF MYSTERIOUS ROYAL DEATHS IS KILLED

Saw Austrian Crown Prince and Countess Shot in Hunting Lodge.

ROME, July 27.—A forest ranger named Wolf, who is said to have witnessed the mysterious death of Crown Prince Rudolf of Austria and Countess Marie Vetsera, at Meyerling in 1889, has just been killed at Brod in a dispute with Bosnian workmen according to a dispatch received today from Agram.

Crown Prince Rudolf and Countess Marie Vetsera, a young Hungarian beauty with whom he had been carrying on a clandestine love affair were found shot to death at a hunting lodge near Meyerling. Details of the affair were shrouded in impenetrable mystery, although various versions of the affair found their way into print from time to time.

The forest ranger Wolf, who was reported to have witnessed the tragedy, was said to have been put under oath by Emperor Francis Joseph never to disclose the details of the affair. He was retired on a liberal pension and so far as known had faithfully kept the pledge he had given to the aged Emperor.

### DECLARES AUSTRIANS ARE SLAVES FOR THIRTY YEARS

Foreign Minister, Dr. Otto Bauer, Speaks of "Pernicious Shameful Pledge."

[By Associated Press.] VIENNA, Tuesday, July 22.—Dr. Otto Bauer, Austrian Foreign Minister, discussing the Austrian treaty today, said: "For thirty years we will be the slaves of the allies economically. Austria loses her economic independence. Austria must cover 70 per cent of the cost of the war, which means 5,000 crowns per person, or 40,000 crowns for a family of five persons. This shameful pledge can be destroyed only through the victory of international solidarity."

The war was won, he declared, only through the victory of international solidarity. Dr. Friedrich Adler, editor of Der Kampf, said: "Economically, it is our death sentence. We are relegated to the role of a colony and forced to declare our bankruptcy immediately."

### FALLS VICTIM TO TRAP HE FIXED FOR ROBBERS

Farmer Forgot He Put Stick of Dynamite Above Door and Now Is in Hospital.

WINSTED, CONN., July 27.—Henry Koehler, farmer, of West Cornwall, an inventive genius, but a poor memory, a few days ago he discovered that his barn was being looted and hit upon the scheme of fastening a stick of dynamite over the door so that if a thief opened it during the night the stick would fall and blow him up. Then he forgot to take the necessary precautions before opening the door. He is now in the hospital, suffering from painful lacerations of the leg and considers himself lucky at that.

The economic clauses of the Bulgarian treaty have been referred to the economic commission with instructions to report back Monday. It is expected that the Bulgarian treaty will be ready to deliver to the Bulgarian delegation by the middle of next week.

## PLAN TO BESTOW HONORS UPON A. E. F. COMMANDER

Incomplete Program Calls for Thanks of Congress, Permanent Bank of General and Sword.

[By Associated Press.] WASHINGTON, July 27.—Preparations for the welcome of General Pershing on his return home are being made by both Congress and the War Department, but the plans of neither are yet complete. The congressional program, however, as already drafted, calls for the gift of a sword, a vote of thanks, and the permanent rank of general on the commander of the American expeditionary forces. War Department plans have not yet been completed and are awaiting receipt of information as to the time of General Pershing's return.

Representative Johnson, of South Dakota, who served in the American expeditionary forces, after conferences with department officials as to a reception for the American commander at the direction of the House Rules Committee announced tonight that legislation was being drafted, calling for a vote of thanks and the presentation of a sword. He added that this legislation would be presented to the Rules Committee during the week in an effort to dispose of it before the beginning of the House recess Saturday.

Chairman Kahn, of the House Military Committee, announced that a meeting of his committee would be held during the week to approve the bill, drafted at resident Wilson's request, which authorizes the bestowal of the permanent rank of general on Pershing. Preliminary committee discussion already has indicated that there will be no opposition to the proposal.

### FRENCH PEOPLE PROTEST AGAINST PROFITEERING

Demonstrations in Street Prove Effective Measures Against Inflationary Price Raising.

[By Associated Press.] PARIS, July 27.—Further instances have been reported of the public taking their own measures against profiteering by retailers. A grocer in the poor quarter of Montmartre, seeing the rush of purchasers for chicken and rabbit, marked up the price in front of customers.

The crowd resented this action and sacked the store a few minutes after closing to clear out the grocer's stock of chickens, rabbits, melons and other eatables. The shutters of the shops were lowered with the aid of four policemen and the crowd was driven to the street.

At Dunkirk, Northern France, spinners who are striking as a protest against the high cost of living, made a demonstration in the market place yesterday. So effective was the demonstration that shopkeepers lowered their prices by one-half. Similar action was taken by the people of Rouen last week with similar results. The demonstrators in these towns were given no violence. Their mere presence in the streets in numbers was sufficient to bring reward to their efforts.

### Twice Late Proprietors of Merry-Go-Rounds at the pleasure fairs in Paris, seeing crowds flocking to them to take rides, continued to raise the prices until the people wrecked the machinery.

## PRINCE'S EXPECTED VISIT STIRS HEART OF SOCIETY

Heir to English Throne Will Come to Washington Some Time in October.

TO ARRANGE STATE PROGRAM

Has Not Been Decided Whether Guest Will Stay at White House, Where Many Receptions Would Be Given for Him.

WASHINGTON, July 27.—The heart of Washington society is beginning to palpitate visibly over the prospect of the visit of the Prince of Wales. The prince is not coming till some time in October, but it is understood that Breckinridge Long, the assistant Secretary of State, to whose office falls the duty of carrying out, and in some measure suggesting, the entertainment, will begin to formulate a program as soon as he returns from his latest tour.

State Department officials say that His Royal Highness will be no stranger to most of the American dignitaries from the President down, who have been in London within the past year or two, and that the prince will be really at home when he strikes the official atmosphere of the administration. The prince is already in good terms with the President and his family. Admiral Henry B. Wilson, who has charge of the Atlantic Fleet; Colonel House, General Bliss, Admiral Benham and many State Department officials, it is not known, yet, though how long he is to stay, and even where he will stay.

### Refers to Edward's Visit.

The latter question seems, however, to have been settled by popular opinion, and by the only precedent so far as the visit of an heir apparent is concerned. Opinion is that the "prince" will, of course, stay at the White House, because Edward, VI., Prince of Wales, stayed there when Mr. Buchanan was President. In those days there was a very winsome hostess for the prince, Miss Harriet Lane, about whose beauty and "imperial democratic" charms volumes of prose and poetry have been written, and the prince's niece was mistress of the White House.

In the event that the prince is a guest of the White House, society is expecting many gay and colorful receptions. If, however, he is not the guest of the White House, he will be given the freedom of the city, and one of the many fine old houses of revolutionary tradition, of which there are many in Washington. He will have representatives of the army and navy added to his staff, but will not be the master of ceremonies, with due regard to the wishes of the guest.

### Date Not Yet Set.

The navy has not been informed of the date when the prince is to leave England for Canada. When that has been fixed it is no more than probable that the prince will constitute his squadron. It is understood that an American squadron will go out to meet him. His ship undoubtedly will then cruise off the coast until it is time for the return. It has been rumored that the prince will arrive in Washington in 1923, after the sojourn of His Royal Highness in Washington, he will proceed to New York, which he will look over in about three days. His residence will, however, be quarters on board H. M. S. Renown, which will take up her station in the harbor.

### Every prince who has come to Washington has planted a tree near the tomb of George Washington and it is very likely that the present Prince of Wales, as did his distinguished predecessor Albert Edward, will make the pilgrimage to Mount Vernon to plant another tree. Nearly all potential actual and potential visitors to the Washington Navy Yard and the Capitol on visits here. The Capitol is in fact the most interesting place in Washington when both houses are in session and some important international affair is under consideration. It is generally thought that the prince will make no preparations until some information is forthcoming from the White House.

### All of the officials here who have duties to perform in connection with the visit of the prince say that they will make no preparations until some information is forthcoming from the White House.

The flutter of gossip over the coming event is on the increase, and a great many people will be visiting here in October. The visit of the lovely Princess Eulalie, the infant of Spain, to Washington in 1923, perhaps the one that most pleased the city of Washington. That of Prince Henry, of Germany, was very interesting. There is, however, a curious connection between the visits of the Princes of Wales and the blood royal of Spain. If there had been no Spain and blooming infantas there would not have been any America to speak of; and if there had been no Prince of Wales this wouldn't have been any Revolutionary War or any place to house the coming guest.

### EPISCOPALIANS WILL MEET

Representatives of Church in Three States to Confer at Lynchburg on Tuesday.

LYNCHBURG, Va., July 27.—The meeting of Episcopal clergy and laymen at St. John's church here Tuesday and Wednesday will bring together a notable gathering of church workers, when the conference begins its consideration of plans for the proposed nationwide campaign to secure a fund of \$75,000 for church enlargement. The dioceses of Virginia, the Carolinas and West Virginia are to participate in the conference and the visitors will be entertained in the homes of members of the three local Episcopal churches.
